

ENERGY TEXAS, INC.

Electric Service

SCHEDULE DPBF

Sheet No.: 87

Effective Date: 1-28-09

New Schedule

Supersedes: New Schedule

Schedule Consists of: One Sheet

RIDER FOR DISTRIBUTION OF PUBLIC BENEFIT FUND

I. APPLICABILITY

This rider is applicable under the regular terms and conditions of the Company to Customers served under Schedules RS or RS-TOD, who have qualified under the program requirements.

II. QUALIFIED CUSTOMERS

Entergy Texas current customers of record on LILU and SC rates, whose eligibility is tied to customers who have incomes at or below 125% of the federal poverty guidelines, are eligible to take service under this rider.

In addition to customers who take service under the LILU and SC rates as described above, a qualified Customer is the customer of record at the premises who:

- is the holder of a Lone Star Card issued by the State of Texas, or successor thereto, to entitle the recipient to receive benefits under the food stamp, Medicaid or Temporary Assistance to Needy Families programs; or,
- has a total house-hold income at or below 125% of the federal poverty guideline, where such income level has been verified by a local low-income service agency in the Company's service area selected from a list of such agencies to be provided to customers upon request.

III. DISTRIBUTION OF FUND

Qualified Customers will receive a credit on their monthly bills calculated by applying a ¢/kWh factor to energy billed in the current billing month based on the total Public Benefit Fund to be distributed annually, \$2,000,000 or approximately \$167,000 per month adjusted for any over- or under-distribution of the monthly amount returned pursuant to this Rider in the second prior month. Distribution of the fund will be reviewed annually to insure that any actual over- or under-distribution in a year will be reflected in the subsequent year funding level.
